### EUROPEAN MINISTERS IN 3RD AND CRUCIAL AID PARLEY SESSION

#### SHOWDOWN STAGE SEEN NEAR IN BRITAIN AND FRANCE-SOVIET CLASH

PARIS, June 30.—(P)—The third session of the conference of British, Russian and French foreign ministers ended in complete disagreement tonight, a British informant said.

PARIS, June 30.—(P)—The foreign ministers of France, Britain and Russia met late today in a critical third session which may decide whether Europe can organize economic co-operation transcending political and ideological differences.

The three convened at 4:10 p. m. (9:10 a. m., C.S.T.).

Informal sources said there was no agreement between Soviet Foreign Minister V. M. Molotov on one side and Britain's Ernest Bevin and France's Georges Bidault on the other concerning the Marshall aid-Europe plan.

These informants predicted a showdown, saying the French and the British planned to restate their proposals for European economic recovery after week end disclosure of the Russian view that the task of the conference was merely to decide the amount of financial aid needed from the United States and whether such aid could be obtained under proposal advanced by Secretary of State Marshall.

Most sources were openly pessimistic. Some speculated that should the conference end in complete disagreement, the fact might be camouflaged by announcing an

### CHINESE GOVERNMENT TO LAUNCH ALL-OUT WAR ON COMMUNISTS

#### By HAROLD MILKS

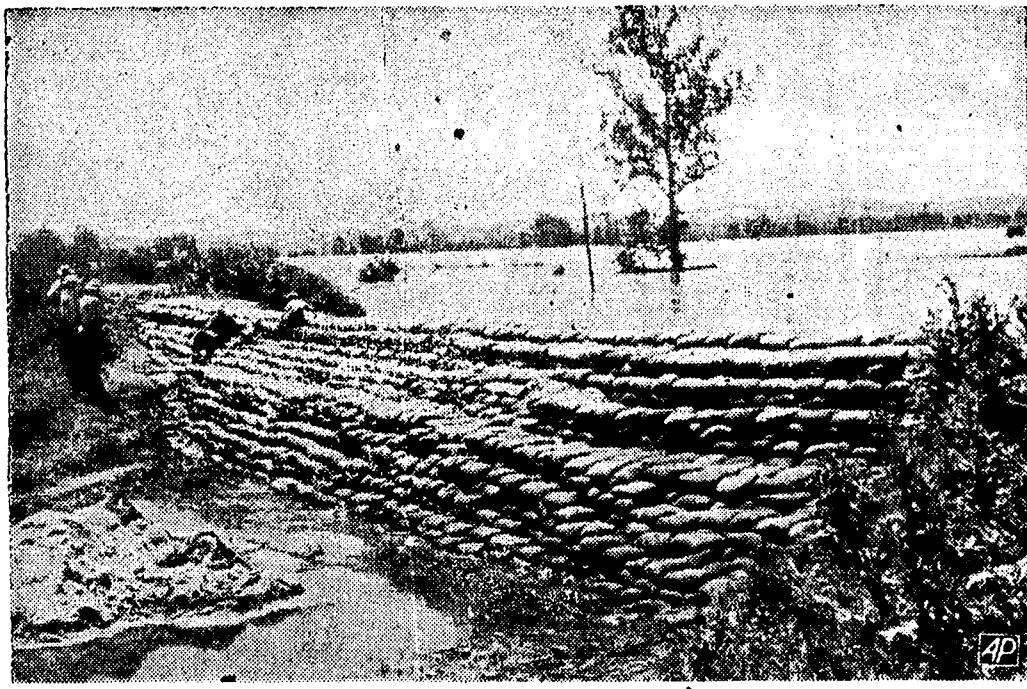

NANKING, June 30.—(P)—Chiang Kai-shek and leaders of his Kuomintang party agreed today on complete mobilization of the nation's manpower and resources to battle against Communists in China's civil war, an informed source said.

The decision was reached, the source said, at a five-hour closed-door and carefully guarded meeting of the government party's political council and its central executive standing committee.

One government leader said the action "means simply we are taking off our gloves and really fighting the Communists with no holds barred."

Chiang appeared before the high policy-making bodies at large-scale nationalistic reinforcements in Manchuria entered still-smoking Szeching, battered by a 17-day siege of now-retreating Communist troops.

### Most Business To Be At Standstill Here July Fourth

Widespread observance of July Fourth Friday will be seen in Corsicana.

While no patriotic program is planned, various events will be sponsored, headed by a three-night rodeo by the Corral Club at its arena west of the city limits on the new Highway 31 route.

Banks, post office, Retail Merchants Association, city hall and courthouse annually observe July Fourth.

There is a possibility that the city hall offices will close Thursday afternoon at 5 p. m., except the law enforcement agencies, and re-open Monday morning since the Saturday noon closing practice is in effect, although official notice had not been given Monday morning.

The courthouse, except law enforcement agencies, will be closed from Thursday afternoon until Monday, County Judge L. L. Foxell's office will be open for a while Saturday morning.

The cleaning and pressing establishments here will be closed Friday and Saturday, according to an advertisement bearing the names of eight businesses the past week-end.

An all-day celebration will be held for members of the Corsicana Country Club. Arrangements have been perfected for a "blind"

### MISSISSIPPI EASING OFF FROM CREST AS LEVEES THREATENED

#### BRIEF EARTHQUAKE ADDS TO TENSENESS OF VAST FLOOD-STRICKEN AREA

ST. LOUIS, June 30.—(P)—After climbing to its highest peak here in 103 years the Mississippi dropped slightly today but U. S. army engineers warned that the battle for three critical levees in the area was "far from over" with another crest pouring down from the mouth of the Missouri river.

A brief earthquake last night brought the threat of breaks to waterlogged barriers holding back the river from thousands of acres of rich farm land on the Illinois side but the engineers said no levees were reported damaged by the tremors which lasted about five seconds.

Volunteer Workers Sought. Fresh appeals for volunteers were made by the engineers in their efforts to save dikes north and south of East St. Louis and 100 miles south at Chester, Ill., while hundreds were evacuated from their homes ahead of the flood.

The river reached 39.25 feet, then fell .05 of a foot, but engineers said the drop was probably a temporary one. Harry F. Wahlgren predicted the Mississippi would climb to 39.5 today—36 of

### Shipwreck Victims, Saved After 6-Week Ordeal, Head Home

SAN DIEGO, Calif., June 30.—(P)—Five weary and sun-blackened California fishermen, blown 1,000 miles off their course, were on route back to civilization today after six weeks of near starvation on a desolate Pacific island off the Mexican coast.

The five fishermen, missing with the 45-foot boat Thistle out of San Diego since May 19, were rescued late Saturday by the tuna clipper Normandy from pin-point Clipper Island, a five square mile coral atoll, some 1,700 miles south of here and 500 miles from the Mexican mainland.

First word from rescuers to the coast guard and navy here indicated the men were in "fair condition" but did not elaborate. The Thistle was shattered on the shore, but none of the crew was hurt.

Navy Speeds Rescue. The Navy requested the Normandy, a San Diego vessel, to take the fishermen to the Galapagos Islands, about 1,800 miles further south, and said it was sending a craft from Panama to pick up the victims.

### Fourth Trial Gets Gragg Life Verdict In Drowning Deaths

McKINNEY, Tex., June 30.—(P)—Chesley A. Gragg, of Dallas, faced a sentence of life imprisonment today following his conviction by a Collin county jury on a charge of murder in the 1943 narrow-drowning of his wife.

The jury of 12 middle-aged farmers returned the verdict of guilty yesterday—one of the few verdicts ever returned in Collin county on Sunday.

Gragg's attorney, G. Ray Lee, said he would file a motion for a new trial and would appeal the sentence if the motion is denied.

This was the fourth time Gragg had been sent to the state penitentiary in the first trial the death verdict was reversed by the court of criminal appeals because the in-

### DICTATORSHIP GOAL OF MILITARY BLOC, GOVERNMENT FINDS

#### SEIZURE OF POWER WAS TO FOLLOW COMMUNIST "SCARE" THIS MONTH

BY LOUIS NEVIN

PARIS, June 30.—(P)—Interior Minister Edouard Depreux announced today the discovery of a "very widespread" plot by an organization known as the Black Maquis to overthrow the French Republic and set up a military dictatorship.

Depreux said Gen. Guillaudot, inspector general of the French Gendarmerie; Maj. Jean Loustaunau-Lacau, a rightist resistance leader who before the war acknowledged that he was a member of the anti-Republican Cagoulauds (Hooded Ones), and other officers and civilians had been arrested.

Four Generals Involved. A usually reliable semi-official source said earlier that four French generals and several civilians had been implicated.

The government-operated French Press Agency said the "soul of the plot" was reported to be a former officer and friend of ex-Marshall Henri Philippe Petain, now confined for life at the Isle d'Yeu as a traitor. The agency did not identify this man by name.

Depreux told a news conference that whole units of the French army might have been involved.

Plot Known Since 1946. He said first details of the clandestine organization of former right-wing resistance leaders, monarchists and petty collaborationists became known to French police forces late in 1946 from police informers.

Through undercover investigation, Depreux continued, police uncovered numerous details. He said the Black Maquis had

### DOLLAR-SHY BRITISH TO CUT IMPORTS OF TOBACCO, GAS, PAPER

LONDON, June 30.—(P)—The chancellor of the Exchequer, Hugh Dalton, announced today that Britain would cut imports of tobacco, gasoline and newsprint during the year beginning tomorrow to conserve her shrinking dollar supply.

In addition, Dalton told the House of Commons he would ask parliament for authority to put an import duty on motion pictures, if necessary, to economize in foreign exchange.

Dalton said a severe shortage of dollars was forcing "in almost all parts of the world."

"In particular," he added, "our own line of credit under the Anglo-American loan agreement is being drawn upon much more rapidly than we expected. It is our duty to take further steps to close the gap between our necessary imports and our exports."

PRICES RISE 43.6 PER CENT SINCE END OF OPA—This chart, based on Associated Press daily wholesale price index of 35 basic commodities, traces upward trend of prices since January 1, 1946. During the year since OPA controls were terminated June 30, 1946, prices have risen 43.6 per cent. The peak reached March 25, 1947 was the highest in the history of the 14 year old index. (AP Wirephoto).

### FOOD, CLOTHING, OTHER LIVING COSTS AT OR NEAR RECORD HIGH ON ANNIVERSARY OF OPA'S END

CHICAGO, June 30.—(P)—On this first anniversary of the end of federal price controls, pork on the dinner table costs 78 percent more than it did a year ago, beef and veal 62 percent more.

Other food, clothing, and living costs in general also have undergone sharp rises, trade and government figures show. Within the year many prices zoomed to record peaks, topping the highs of the 1919-20 post-war period.

The market and retail supplies are higher in many lines, but farm supplies of livestock are lower than a year ago and cold storage stocks of many foods are lower. Such commodities as steel, oil, and lumber still lag far behind demand requirements.

With 1926 prices as a base average of 100, the Associated Press

wholesale prices index Friday was 175.64. A year ago the figure was 122.28. This represents an increase of 43.6 percent in the year. The highest was reached in March at 184.32.

A compilation by the Federal Bureau of Labor Statistics shows that for May, the most recent calculation available, this index was at 155.3 on a 1935-39 base average of 100. Throughout the war period up to a year ago the index had advanced 33.3 points. In the ensuing year it went up 22.5 points.

All costs of living items included in the index averaged 16.9 percent above last June, with major items like food 28.8 percent higher.

WASHINGTON, June 30.—(P)—Congress killed today President Truman's reorganization order to retain the United States Employment Service in the labor department.

### OWNERS GET MINES, PROBLEMS

WASHINGTON, June 30.—(P)—The government lowered the American flag over more than 2,500 soft coal mines today and formally restored the pits to the private owners after 13 months of federal operation.

The contract dispute which prompted federal seizure of the mines May 22, 1946 still was unsettled, however, and another strike at conclusion of the current 10-day vacation July 8 is a definite

prospect.

With the government stepping aside as operator, it will be up to the owners themselves to make terms with the miners. If they don't succeed by July 8, the miners are expected to stay home.

The government gives back the mines in the same condition it found them 13 months ago—empty of workers.

### PRESIDENT CRITICAL OF CHANGES WRITTEN IN EXTENSION BILL

#### APPROVAL SAID "LESSER OF TWO EVILS" AS OLD CONTROL DUE TO EXPIRE

WASHINGTON, June 30.—(P)—President Truman today signed into law an extension of federal rent controls but said its provisions "are plainly inadequate."

In a message to congress, Mr. Truman said he was confronted with the choice of "this bill or no rent control at all."

The new law extends federal controls eight months and permits landlords to negotiate rent increases up to 15 per cent in exchange for leases running through December 1948.

"Lesser of Two Evils." As between the rent control voted by congress and none at all, the President said:

"I have chosen the lesser of two evils."

The new act, Mr. Truman said, "marks a step backward in our effort to protect tenants against unjustified rent increases arising out of war conditions." He added:

"For millions of families it will result in substantial increases in rents which until now have been held at reasonable levels. The cost of living is already too high without this additional burden."

"Soaring Rents" Feared. Without any rent control millions of American families would face rapidly soaring rents and wholesale evictions.

"We are still suffering from a critical housing shortage. Even this inadequate measure represents fewer dangers than with the complete lack of rent control."

Mr. Truman said he was forced to sign an unsatisfactory price control law last July 25 "in order to prevent complete destruction of price control."

The President said that if he

### FIRST ROUND WON BY PLAN TO ALLOW CASH FOR GI LEAVE BONDS

WASHINGTON, June 30.—(P)—A house armed services subcommittee today approved legislation to permit holders of GI terminal leave bonds to cash them immediately.

The legislation will come before the full committee tomorrow and its approval is expected in time to permit house action early next week. Republican leaders have tagged the bill for passage.

There are approximately 9,000,000 bonds outstanding, with a face value estimated at \$180,000,000.

The treasury has opposed the legislation on the ground it would add to inflationary pressures.

Law Not Mandatory. The legislation is not mandatory. It merely allows holders of the bonds to cash them without waiting for the five-year redemption period originally provided.

### U. N. DISCUSSES SIZE OF FORCE

LAKE SUCCESS, June 30.—(P)—The United States recommended to the United Nations Security Council today that the proposed world police force include 20 divisions of ground troops, 3,800 combat planes, three battleships and six carriers.

These totals were submitted in a report from the Big Five U. N. military staff committee to the security council.

Soviet Russia did not make any recommendations.

The Russians merely stated that they could not talk about the size of the world police force until the U. N. had agreed on general principles governing its formation and use.

The United States proposed that the force include 1,250 bombers and 2,250 fighters among the planes, 15 cruisers, 84 destroyers, and 90 submarines.

France proposed 1,275 planes, 16 divisions of troops, three battle-

ships and six carriers.

The British proposed a force of 1,200 planes, from 8 to 12 divisions of troops, two battleships, four carriers and six cruisers.

No Chinese Figures. The Chinese did not submit any figures but said they generally agreed with the British view.

These totals were said to be the minimum on which the world

had vetoed the rent bill the prospects of another measure being sent to him was "negligible."

"I had no choice but to sign" Mr. Truman added.

Increase Clause Assailed. The provision permitting "voluntary" increases of 15 percent where landlord and tenant agree on a lease through December 31, 1948 the President said, "is voluntary only so far as the landlord is concerned."

"The tenant will naturally fear that unless he enters into such a lease he will be subjected to even more exorbitant increases when rent control is ended."

Mr. Truman also protested the "virtual elimination of controls which have prevented the diversion of building materials from homes to non-essential and deterrable construction."

"This reference was to a provision immediately relaxing restrictions covering all construction except amusement and recreational buildings."

Housing Bill Sought. Calling again for prompt enactment of the Wagner-Ellender-Taft long-range housing bill, the President said:

"We should be taking steps to provide additional aids to housing rather than eliminating the aids which have been in effect."

Mr. Truman said "the real estate lobby" has opposed "any constructive housing program."

"They have constantly sought to weaken rent control and to do away with necessary aids to housing. They are openly proud of their success in blocking a comprehensive housing program."

"This group has sought to achieve financial gains without regard for the damage done to others. It has displayed a ruthless disregard of the public welfare."

"Lobby Intolerable." "It is intolerable that this lobby should be permitted by its brazen operations to block programs so essential to the needs of our citizens."

The President urged congress to "make a full investigation of the activities of this selfish and short sighted group."

Mr. Truman urged "congress to complete action upon legislation to accomplish the following objectives:

"1. To provide public aid to localities for low rent housing for families in the lowest income group.

"2. To encourage private investment in rental housing by federal insurance.

"3. To provide a more adequate program of farm housing.

"4. To extend aid to our cities for the clearance of slums and blighted areas.

"5. To perfect and supplement existing aids to home financing.

"6. To provide a substantial program of housing research to assist industry in progressively reducing

the cost of housing."

Mr. Truman said the Wagner-Ellender-Taft bill for a 15-year program of aiding low cost housing and slum clearance "will go far towards accomplishing these objectives."

drawn up a complete "blue plan" for first filling Frenchmen with fear of a "Communist putsch" and then stepping in to set up a "provisional directorate" of military leaders, patterned along totalitarian lines. The Maquis were French underground fighters during the war.

Long Conference Held. Depreux held a long conference this morning with Premier Paul Ramadier concerning the purported conspiracy.

The French Press Agency dispatches from Rennes, in Brittany, named M. DeVulpian, 47, editor of the weekly France Vivante and president of a veterans' organization, as among those arrested, together with Marc Jacquot, a wine merchant of Montigny, and the rector of the Abbey at Lamballe, in Brittany, identified only as Rault. Depreux confirmed the arrest of all three of these persons and identified De Vulpian as a count. De Vulpian was brought to Paris last Wednesday and signed a statement implicating himself and Gullaude in the affair, the minister said.

Not In Custody. He said Gullaude was questioned at once, but was not taken into custody until he allegedly acknowledged that he knew about the Black Maquis organization and had some relations with nearly every person implicated.

Also arrested last night, Depreux said, was Mme. De Valfre, a widow in whose Paris apartment a large quantity of gold was found. He said she had been given provisional liberty because of her advanced age. Police learned nearly all of the meetings of the purported conspirators were held in her apartment and that Gen Gullaude was present at all of them, the minister declared.

He said some of the persons held had tried to enroll in Gen. Charles De Gaulle's French Peoples Rally (RPF), but had been refused admittance.

Newspaper Published. He said the organization even published a clandestine newspaper, Le Réseau, (The Network). Copies of it were seized in such widely separated sections as Lamballe in Brittany, Agon in Southern France, and Dijon in the east.

"We intend to push our investigation to its final conclusion, no matter how important a personage is found to be involved," Depreux declared.

The minister said the "blue plan" stipulated that civil war must be started in France. The plotters said they had reason to believe that armed units of the French army in Brittany and some unspecified troops from the army of occupation in Germany would march on Paris from the east, Depreux went on.

Army Units Involved. He said officials of the war and interior ministries were investigating those units now.

The signal for opening the civil war was to be an attack on Vannes prison in Southwestern Brittany, where persons accused of wartime collaboration with the Germans are held, the minister continued.

He said De Vulpian's arrest six days ago was the first direct action taken by the French secret police. They raided the count's chateau at Lamballe on a warrant issued by Robert Levis, the same magistrate who was in charge of investigating the Cagoulauds in 1936 and 1937.

Depreux said numerous documents were discovered at the chateau as well as an "important" arms depot, including a number of heavy machine-guns.

"Blue Plan" Found. The documents discovered, Depreux said, included copies of the blue plan, a proposed new constitution for the French state, secret instructions to the Black Maquis and a provisional list of persons who were to form the military directorate.

Persons mentioned in the list, he added, are being investigated in an effort to discover whether their names were used with their knowledge.

From documents uncovered during a top secret investigation which has been going on since May, an interior ministry official said, it was learned that the plotters planned to carry out their coup some time this month.

cial connection with the dispute. Schwellenbach will try to mediate a new contract to avert the threat of a full-blown strike eight days hence.

Navy Capt. N. H. Collisson, coal mines administrator sent this notice to the operating managers of the mines for display at noon: "Government possession and control of the coal mines of this mining company have been terminated by order of the secretary of interior."

Collisson also ordered the mine to lower the U. S. flag which had been displayed as a token of government control. He told reporters it may take two months to close the CMA's accounts throughout the country and return the staff to Navy duty.

The mines were seized May 22, 1948, after futile efforts to settle a strike which had been in progress since April 1. A week later, Lewis signed a contract with Secretary of the Interior Krug, ending that walkout and sending the 400,000 soft coal miners back to work for Uncle Sam.

Now Lewis and the operators still are at odds over terms of a contract under which the mines could be worked next week.

The pits currently are closed down for a ten-day vacation which started Saturday under terms of the Krug-Lewis contract. Each miner got \$100 and ten days off. The 75,000 Pennsylvania anthracite miners who made a contract with their operators without seizure a year ago, also are on a similar ten-day vacation.

But unless a contract is signed by Lewis and the soft coal operators, the bituminous miners may stay out indefinitely instead of reporting back to work on July 8.

# FIVE UNITE WITH FIRST METHODIST CHURCH ON SUNDAY

Five united with the church: a farewell was given Mr. and Mrs. Homer Duke and family, who are moving to Wichita Falls, and Kelly Paul Burkhardt, who was elected president of the Central Texas conference senior assembly at Georgetown last week, was given special recognition by the pastor, the Rev. Erwin F. Bohmfalk, at the morning hour at the First Methodist church Sunday.

Mrs. Duke is president of the Women's Society of Christian Service and Duke was the first president of the Men's Dinner club.

The pastor preached at the morning hour from the subject, "Choosing Between Foundations." The choir sang a special anthem and John Gravelle sang a solo.

At night, a youth program was given, with Burkhardt presiding and reports made by the five young people who represented first church at the Georgetown Youth Conference last week.

Special music consisted of an anthem by the choir and a special number by the Women's Chorus.

At the church school, Ray Waller was the speaker in the adult department; Tom Eady taught the Brotherhood Bible class and Glenn Thompson the Young Men's Bible class. The Youth Fellowship met

# Former Gridster Charged In Auto Death Of Woman

PELLEY, Texas, June 30.—(AP)—Elton Tuck, 39-year-old former star football player here and a member of a prominent Pelley family, today was released under \$10,000 bond after being charged with the murder of Mrs. Louis Gertrude Crowell, Pelley saleswoman.

Tuck was charged Saturday following Mrs. Crowell's death from injuries she told police she received when she was thrown from an automobile. She said the driver also drove the vehicle over her body twice.

Tuck had been charged with assault to murder prior to Mrs. Crowell's death.

People need vacations this year. Many will arrange holiday trips, in order to meet the strains and tensions of forthcoming months.

A visit to the doctor's office is almost a prerequisite. His advice is essential to sound vacation planning.

Certain medical protection may be advisable. Asthma and hay fever patients should seek certain areas where the climate is helpful. Those who are sensitive to sunburn need caution against too much sun.

It is important to choose, with the aid of an expert, simple medical aids, cosmetics to which one is not allergic, those extra shaving accessories which will make life more comfortable away from home.

Choose, with care, a competent druggist to advise you. This is the 97th of a series of Editorial Advertisements appearing in this paper each Monday and Tuesday. (Copyright).

However, a Mukden dispatch from Associated Press Correspondent John Roderick reported government recapture of Szeppingka—a rail city between Mukden and Changchun—said the Communists still appeared to retain the offensive in Southern Manchuria with a new thrust reported developing from Jehol province to the north.

The Kuomintang decision to turn the government's full power on the Communists followed by two days the U. S. agreement to sell 130,000,000 rounds of rifle ammunition to Chiang Kai-Shek's government.

Council Approval Due

The decision must be approved by the multi-party state council, but informed quarters expected no opposition from minority party members.

The mobilization order, it was learned, will include provisions to try to revive national spirit of Chiang's fighting men by educating them on why they must defeat the Communists.

That the steps toward total mobilization, sources said, will be the merger of the Kuomintang with the affiliated Sanmin-chui youth corps, a semi-military organization headed by Chiang's chief of staff.

Tips On Laundering Dark Cottons, Linens

The problem of laundering dark cottons and linens such as navy blue or black without leaving a blot on the surface of the material after it is dry, is one that shouldn't worry housewives any longer, says Miss Eva Sue Merritt, county home demonstration agent.

The agent suggests using a soapless detergent, giving careful attention to the use of the proper detergent for the kind of material to be laundered. Then gelatin should be used instead of starch. Dissolve one tablespoon of gelatin in a little cold water and then add two quarts of boiling water. The amount of water used depends on the stiffness of the garment.

After the garment has been washed and rinsed, and while still damp, it should be dipped into the gelatin solution, squeezed out, rolled in a towel, and ironed while damp, the agent says.

Interest to Be Paid.

New applicants for terminal pay would have the option of taking bonds or cash. Should they elect to take cash, they would receive interest from the date of their discharge.

The legislation requires payment of accrued interest to the date of redemption on any bonds cashed before the five year maturity date. The subcommittee voted approval of the bill after Edward W. Bartlett, fiscal assistant secretary of the treasury, testified the addition of more than a billion dollars in cash to money now in circulation "is bound to result in further upward pressures on prices."

Enlistment Bill Signed

WASHINGTON, June 30—President Truman today signed a bill extending indefinitely the Army's voluntary enlistment age to 17 years and carrying over provisions designed to stimulate recruiting.

The bill permits original enlistments for two, three, four, five or six years and re-enlistments for terms up to six years in the regular Army. Non-commissioned officers could re-enlist for unspecified terms and get a \$50 bonus at the end of each year of their terms. Under present law, the maximum enlistment period is three years.

## GRAND JURY INDICTS NEGRO IN ATTEMPTED RAPE; TWO OTHERS

Three indictments were voted and one no-bill was passed Friday afternoon by the April term grand jury that was finally discharged by A. P. Mays, judge of the Thirtieth Judicial District court. The grand jury had been in session four days during the term. Eugene Mayfield, negro bellhop, was indicted on a charge of assault with intent to rape. Bond in the sum of \$7,500 was set by Judge Mays, the same amount as set by Judge A. E. Foster, justice of the peace, several days ago, after the defendant had waived an examining trial.

Mayfield was still in the county jail when he was indicted. The complaint was filed in connection with the alleged entering of the room of a 19-year old white female guest in a local hotel last week.

**Bag Theft Alleged.** Clarence Raines was indicted for theft over \$50 in connection with the recent taking of a suitcase from a bus here. Officers said Raines is in the Texas penitentiary following the revocation of a parole. Bond was set at \$750.

**Shooting Case No-Billed.** John Conley, negro, was no-billed in connection with the shooting of J. J. Bell, negro, in East Corsicana Monday afternoon. Bell was not seriously hurt by the charge from a shotgun. No formal complaint had been filed against Conley, the county attorney's office taking the case directly to the grand jury.

The April grand jury was headed by E. D. McCormick as foreman. McCormick is the mayor of Frost and formerly served as Navarro county judge prior to resigning to enter the armed forces several years ago.

## Ensigns McAdams To Get Assignment In Fleet After Visit

Ensign John McAdams, who has been visiting in Corsicana, left by plane early Friday morning for Albuquerque, N. M., where he was to join several of his former classmates at the U. S. Naval Academy to proceed by automobile to San Pedro, Calif., for fleet assignments.

Ensign McAdams, son of Mr. and Mrs. J. W. McAdams, was a member of the June graduating class at Annapolis, Maryland. Mrs. McAdams attended June ceremonies at the famous naval training center and witnessed the graduation exercises.

To Mrs. McAdams, active in all phases of youth work in Corsicana, the occasion was memorable not only because of its military significance but because of the training in manhood represented.

The personal and individual activities tendered the visitor, said Mrs. McAdams, "are almost beyond belief."

**Graduation Scene.** Ceremonies were held against a beautiful and historic background that has come to be associated with the training of naval officers and gentlemen. Mrs. McAdams reported, "Landscape grounds and the architecture, according to Mrs. McAdams, combined to form that impressive background."

Ensign McAdams was accompanied to Dallas to enplane for Annapolis by his mother. Before entering the academy Ensign McAdams attended the University of Texas where he was an engineering major.

Another Corsicana trainee, Midshipman G. F. Smith, is now beginning his third year at the academy. For the present he is on a training fleet cruise to Europe. His carrier, the Kearsarge, destroyers and other fleet vessels are waiting to proceed into Scandinavian waters.

The fleet will return August 12 to participate in joint maneuvers with West Point Military academy forces. Midshipman Smith will be on vacation leave after August 26, according to his mother, Mrs. F. F. Among Corsicana boys who have received appointment to the academy through Ensign Johnson is Lt. J. R. Smith, who has been training in naval aviation at Pensacola and who now is in Corsicana.

It. Stell is en route to Norfolk, Va. Lt. Kenneth Davidson and Lt. Bruce Sullivan, both graduates of the academy, are in the Orient at present.

**Youth Injured.** Max Castles, three-year-old son of Sheriff and Mrs. David Castles, received first aid treatment at the Navarro clinic Sunday for a gash over an eye. The youngster fell at the pool and two stitches were required to close the cut.

## CORSICANA NURSE IS SELECTED FOR RED CROSS COURSE

Mrs. Mat Sandwich of Corsicana has been selected to attend the teacher training course in the Red Cross home nursing at the University of Minnesota. It was announced Saturday by Mrs. L. C. Polk, chairman of Red Cross home nursing in Navarro county.

Mrs. Sandwich was one of the five nurses selected out of an area covering 17 states, to attend the month-long course which will run from July 29 until August 29.

On completion of the nursing course, Mrs. Sandwich will return to Corsicana, where she will teach the home nursing courses in the qualifying schools in Corsicana, Navarro county, and possibly other counties.

Mrs. Sandwich taught home nursing here during the war, and has given several courses this year. "I think our chapter is very fortunate to have Mrs. Sandwich chosen for this honor out of so many applicants," Mrs. Polk said Saturday.

The Red Cross home nursing program here was very active during the war, but lagged considerably during the last few years. Hopes of the local Red Cross chapter for resuming the nursing program in Navarro county have revived with the selection of Mrs. Sandwich for the course.

It is planned to give the nursing courses only in schools which have classes in home economics. Adult classes in home nursing have also been planned.

**THREE TEXAS CASES OF RELAPSING FEVER REPORTED BY OFFICER**

AUSTIN, Texas, June 28.—(AP)—The State Health Department has reported it has been officially informed of three cases of relapsing fever in Texas during the past week.

Two cases were reported in Haskell county and one in Callahan county. State Health Officer George W. Cox said he had also seen new dispatches reporting cases in Denton county.

The disease, transmitted to man by the bite of a tick, has as its chief symptom short periods of fever (2 to 3 days) followed by afebrile periods of 2 to 4 days. There are usually one to ten relapses, Dr. Cox said.

Prevention can best be effected by avoiding tick infested caves, camp sites, and ground areas. The fever-carrying ticks live in the soil and usually bite at night.

Exposed persons should use a tick repellent on socks and trousers, and the clothing and body should be carefully searched every morning and night.

**To Property Owners In Navarro County, Texas:**

Notice is hereby given that the commissioners court of Navarro county will be in session as a board of equalization Tuesday July 2, 1947. Anyone with property values to adjust will do so on this date. Respect,

L. L. POWELL, County Judge.

**Baptist Pastor And Wife Leave Sunday For European Trip**

The Rev. and Mrs. Jared I. Cartledge left Sunday following evening services at First Baptist church for the first part of a journey which will carry them to Copenhagen, Denmark, and the Baptist World Alliance, July 29 to August 3.

Motoring to New York with them are Miss Cartledge, daughter of the Rev. and Mrs. J. Y. Roberts, and their young daughter, Jarany, in New York Jarany will visit Ann Roberts, daughter of Mr. and Mrs. Spurgeon Roberts and granddaughter of Mrs. J. Y. Roberts.

Bouldin Cartledge, young son of the paragon family, will spend the summer with his grandparents, Judge and Mrs. T. B. Bouldin, Mineral Wells.

More than 60 countries will be represented at the conference, representing approximately 20,000,000 Baptists. The purpose of the conference will be to discuss matters of interest to the Baptist world and to plan for the on-going of the church.

The world meet normally takes place every five years, but the last was held in Atlanta, Ga., in 1939. The only other time the alliance met in the United States was in 1911 at Philadelphia.

The Texas delegation, numbering in the hundreds, will be the largest from the United States, according to J. Howard Williams, executive secretary of the Baptist General convention of Texas. Dr. and Mrs. Williams, formerly of Corsicana, will be members of that delegation as will be Dr. and Mrs. David E. Gardner. Dr. Gardner is editor of the Baptist Standard.

Fly to London

The Rev. and Mrs. Cartledge will fly by American Airlines to London, where they will rendezvous with other delegates arriving aboard the Queen Elizabeth which sails July 2.

Baptists represent the largest non-Catholic religious denomination in the United States, with a total membership of nearly 15,000,000, according to the survey conducted by the Christian Herald.

The last Baptist World Alliance held in Europe was at Berlin in 1934, according to Dr. Williams, when it was necessary to secure assurances from Hitler that free speech during the meet would not be curbed.

## SIX PERSONS ESCAPE DEATH IN HIGHWAY ACCIDENT NEAR HERE

Six persons narrowly escaped death or serious injury late Sunday afternoon when the coupe in which they were riding struck a bridge and turned over into a small creek.

Mr. and Mrs. J. E. Humphries of Kermit, Texas, formerly Corsicana residents; their mother, Mrs. M. A. Humphries of Corsicana and three children were en route to Corsicana after visiting relatives at Angus and Richland. Humphries said as he pulled around another car at the bottom of Elm Hill, Highway 75, south of Corsicana, the other driver apparently had the same intention relative to a car immediately in front of him. When the middle car pulled out, it forced Humphries' car to the right where it struck the low concrete railing of a small bridge, catapulting the coupe into the shallow and muddy channel bed of the little creek. The impact was broken by the soft mud in the ditch, Humphries said.

The three adults suffered leg injuries—none serious. Janita, a six-year-old daughter, received severe cuts about the face and head from the windshield, while Jimmy, four, and Jackie, two, were only slightly bruised and cut.

The victims were brought to the Navarro clinic in a Griffin ambulance and later were released following first aid treatment.

Humphries did not know the name of the driver of the car in front of him.

## FORMER RESIDENT OF RICE FATALLY STRICKEN AT ENNIS

Funeral services for E. B. Walker, aged 69 years, formerly of Rice, who died with a heart attack at his home in Ennis early Friday morning, were held in Ennis Saturday morning at 10:30 o'clock. Interment was in the Myrtle cemetery. The rites were conducted by Rev. Bryan Keathley, Presbyterian minister of Dallas.

A native of Mississippi, Walker came to Texas with his parents in 1882 and the family lived in the Chatfield community, later moving to Rice. Walker was in business at Rice for several years becoming a traveling salesman with the Tatum Hardware company of Corsicana and in 1910, returned to Rice and entered the general mercantile business. Mr. and Mrs. Walker moved to Ennis in 1941.

Surviving are his wife, Ennis; three daughters, Mrs. Richard Burdine, Dallas; Mrs. M. J. Pollan, Temple; and Miss Mary Lou Walker, Ennis; a grandson, Larry Burdine, Dallas; and a brother, E. Walker, Mobile, Ala. Mrs. Burdine formerly was deputy county clerk here, while Mrs. Pollan formerly was assistant county auditor of Navarro county.

Walker was a deacon in the Presbyterian church, a Knight of Pythias and a member of the Kiwanis club.

## Wortham Lions Club Names New Officers

Davis, Jr., assistant secretary-treasurer; Gail Zoda and Gusie Weaver, directors; Marley Smith, tall twister, and Robert Zoda, Lion tamer.

## Fortson Takes Over Hotel Coffee Shop

Announcement was made Monday by J. D. Nettles that he had transferred the Navarro Hotel Coffee Shop to J. B. Fortson Sr., owner of the hotel.

Nettles said he had sold the supplies and equipment to Fortson, along with the four years remaining on a five year lease on the shop.

Fortson, in addition to owning the Navarro Hotel, also owns the Beaton Hotel across the street.

W. C. Lee, former resident of Burnett, has arrived here to manage the coffee shop for Fortson. He formerly owned a cafe at Burnett.

The change in ownership is effective Tuesday morning. Nettles did not make announcement as to his future plans.

The kids had staked it in a little vacant house far from the home. They had carried food and water to it.

Dog's Breed Uncertain

It cost the health unit \$7.04 to express the pet to Austin.

Miss Gerry Hollingsworth, clerical worker at the health unit, was not sure as to the breed of the pet.

"I think," she said, "it was just a country dog."

66 Turkeys Stolen

Somebody was preparing the Yuletide festive board a bit early Monday.

The police department was informed that 66 bronze turkeys had been stolen from J. W. Shaddix of Angus.

The turkeys were described as "frying size."

## PROPOSED NEW CENTRAL METHODIST CHURCH—The above shows an architect's drawing of the proposed new Central Methodist Church building, for which the Rev. Marvin Bledsoe, pastor, has announced a fund campaign. The new location for the church will be at West Collin and Thirtieth streets, where site and adjoining lot for a new parsonage have been purchased. When completed, the new church will include a large auditorium, an educational building of 15 rooms, including kitchen, social hall, Sunday School department rooms and class rooms, according to Rev. Bledsoe.

ing from Aggie uniforms since the federal inspection last year.

Loss of the blue star in 1946 was one of the points charged against the Gibb Gilchrist administration during recent college disturbances.

As most of the A and M cadets are now on summer military camps, Col. Meloy wired congratulations to officers in charge of the Aggie units at the corps.

Restoration of the blue star followed federal inspection this year.

Vets Renew Battle.

COLLEGE STATION, Tex., June 30.—(P)—New summer term officers of the Veterans Students Association of Texas A&M College were on record today as asserting that political expediency dictated the findings of the majority of the joint legislative committee which recently conducted an investigation of the school's affairs.

In a special statement the officers also renewed the group's criticism of President Gibb Gilchrist of A&M.

Gilchrist was recognized in the statement as qualified as "an engineer and politician" but the engineers added they do not "accept his ability as an educator or leader."

"Unhealthy conditions which caused this legislative investigation," the statement said, "are still in existence on this campus."

These criticisms of the joint legislative committee were contained in the statement:

1. The committee called only eight of 80 witnesses the veterans claim should have collaborated their assertions.
2. Their lawyers were not allowed to cross-examine witnesses at the committee hearings.
3. Said that 12 hours spent on the A&M campus was not adequate to analyze at first hand the disturbing conditions so long prevalent on this campus.

force would be built and the committee emphasized they were tentative.

The generals and admirals on the Big Five power military committee met here this morning with the Soviet delegation in attendance. The Russians had walked out of the last military staff committee meeting here June 20 in disagreement over a question of procedure and a majority-supported ruling of U. S. Gen. Joseph T. McNarney, committee chairman.

record on other legislation hinging on the fiscal year-end deadline is somewhat better.

Bills extending the Reconstruction Finance Corporation and the Commodity Credit Corporation for another year from midnight tonight are on the president's desk.

A stop-gap measure continuing for 15 days export and import controls on certain strategic commodities has passed the senate and is ready for house action. It takes the place of a permanent extension on which the two branches haven't reached agreement. Extension of controls over industrial sugar already has been approved.

"Must Bills Pending."

Aside from the appropriation bills and the customary scores of "odds and ends" measures of no general significance, there are these major "must" bills—so labeled either by GOP leaders, the administration, or by both:

1. A Republican bill to allow former servicemen and women to cash at once an estimated \$1,800,000,000 in terminal leave pay bonds. These now have a five-year maturity date. It is ticketed for house action next week.
2. A bill designating the speaker of the house as successor to the presidency in the event of a vacancy in the offices of president and vice president. Recommended by Mr. Truman, it has passed the senate and probably will be approved by the house judiciary committee this week.

Minimum Wage.

3. A GOP bill boosting from 40 to 60 cents the legal minimum wage for workers whose products enter interstate commerce. A house labor sub-committee is considering it now. Mr. Truman has indicated he favors a higher figure, perhaps 75 cents.

4. A bill to unify the armed services, an administration "must." Passage in the senate is slated for this week. A house committee is wading up hearings.

5. A bill retaining indefinitely the present three-cent rate on local and non-local first class mail (letters). The house has already passed on it, but unless the senate acts today the rate will revert to two cents starting tomorrow.

6. A bill establishing a national science foundation for scientific research and development. Passed by the senate, it is ready for house commerce committee approval.

There may be last minute drives for another income tax reduction bill, if Republicans obtain assurance of enough votes to override a second veto, and for legislation to outlaw poll taxes as a prerequisite of voting for federal officeholders.
